KEYBOARD A-Z TEACHING TYPING SKILLS SINCE 1995

From 1st August 2019 we will be offering our 'Neurodiverse AT Package', consisting of both our KAZ Neurodiverse Download **and** our City & Guilds Assured edition.

*"A City & Guilds Assured programme offers external validation from a trusted global brand, providing a mark of learning quality and credibility."*

On successfully completing the course, candidates will receive a digital certificate and a co-branded digital credential/badge to showcase their quality skill externally via the web on social media profiles, CVs and job applications.

**The main purpose of this City & Guilds edition is to incentivise students to complete the course, increase their work flow and to instill confidence in their ability and achievement.**

## BESA Membership

We are also proud to announce that we are now full members of the British Educational Suppliers Association. (BESA)

*"BESA is the trade association for the UK's world-leading education suppliers. Membership is recognised as the gold standard and use of the BESA logo is reassurance that the holder is a trusted provider."*
